

With Safe Lace© you give your relations an innovative, practical and original gift

- Safe Lace© is a product that your customers will keep and use, so time and time again your organization is top of mind. That is what you want!
- Safe Lace© provides relevance and convenience, unique features that are necessary for a good promotional gift.
- Safe Lace© is produced in the Netherlands and packaged by people with a distance to the labor market, something that your customers will certainly appreciate.

All kinds of possibilities to personalize Safe Lace©

Color

You can choose from the 11 beautiful colors in our range, but you can also choose a color yourself. Nothing is too crazy, we can produce all Safe Lace© colors for you.

Personalized add-on

In addition, it is possible to personalize Safe Lace©. We can design an add-on for you with, for example, the (company) logo or a short (campaign) text. You can use Safe Lace© as a reinforcement of a marketing campaign, but it also increases brand awareness!

Personalized packaging

We can completely design the Safe Lace© packaging according to your wishes. A (company) logo, an appropriate text, a wish, a greeting, a thank you. Just think of it, we are happy to get started for you.
